

Target Print & Cut Vinyls

A comprehensive selection of wide-format media materials for all users. Our range of products will heat apply to both light and dark fabrics and garments and will accommodate all of your transfer printing needs. These media materials will run through a variety of machines, and our Print and Cut materials are suited to many of the leading printers, including the Roland Versacamm, Mimaki JV3, and a selection of Mutoh, Uniform Seiko and HP Printers. The medias are best purchased by the roll and will provide you with a solution to your transfer printing needs.

CAD-Colour Solutions®

The most advanced, wide-format, heat applied media in the world! Ideal for difficult fabrics, such as Nylon, Spandex®, Lycra® and neoprene.

Colour Print®

The most popular, wide-format, heat applied media in the world! Gloss, matt and classic finishes available.

Print & Cut Rapid®;

Quick drying for instant heat applied textile decoration! Particularly suitable for Mimaki CJV30, Rapid has been developed as an instant Print and Cut textile material.

CAD-Colour® Flock

A print and cut flock material for all general solvent and eco-solvent printers. Allows high quality opacity and brilliant colour reproduction.

Print & Cut Mask

The perfect aid for transferring your print and cut design from the backing material to the garment.
