

Target Heat Presses

Not all heat presses are created equally! The Stahl's Hotronix® range of heat presses is synonymous with reliability, accuracy and ultimate ease of use. Innovative features such as more heating elements per square centimetre; patented Magnetic "Auto Open" and "Assist Lock" functions; digital pressure controls; all make heat sealing problems obsolete. Hotronix® - the name to look for if you demand superior heat press performance.

MAXX Heat Presses

Robust, reliable and simple to use.

Auto Open Heat Presses

Best-selling, auto-open - Now with pressure control!

Swinger Heat Presses

Computer controlled, heavy duty presses.

Cap Presses

Range designed specifically for caps and hats.
